Alma Reneau
3108 Jason Lane
Gretna La. 70056

Hello my name is Alma Reneau and I've been a resident of New Orleans and Jefferson Parish for over 60 years. I urge you to draw fair and equitable district lines across our state. I am a retired US Army Master Sergeant and retired US Postal Service civil servant with over 35 combined years of service. I am a disabled veteran. A former adjutant of DAV Chapter #33. I humbly request that lines be draw fair and equitable in the Redistricting of our state. It is imperative also that I ask your consideration of reviewing maps at least 24 hours in advance.

On today I traveled from Gretna La to have the opportunity to share my concerns with my representatives only to have them abruptly canceled my opportunity without warning. These issues need the attention of all. I humbly request your consideration of this issue and draw the lines fair and equitably so that my community will not unfairly be divided.

Alma Reneau
